

**ANIMAL
A PLANET**

Let's shoot a documentary!

Work individually, in pairs or in groups of three.

Choose one of the following topics:

pet trafficking

wild animals

animal abuse

(on the media, experiments...)

Do some research, take notes, prepare the script, and think of the visual support you are going to use (yourselves, toys, images from magazines or the internet, other video recordings...)

The video should last 3 minutes per student.

Your mark will depend on:

- Duration (40%)
- Accuracy of English (30%)
- Fluency (10%)
- Originality (10%)

Hand it out the 29th of May 2019

Don't be late! Every week that you are late, will mean 1 point less of the mark.
